#### ABOUT OUR OLD CESSNA...

Our Cessna float plane has finally made it to the roof of the stage after years of planning. Most of the plane is a 1959 Cessna C 150 originally owned by a Senator from Wisconsin in the early 60's. Some of the planes fuselage is from later makes of Cessnas and part of the wings needed fabricated & patched up (a lot). The floats are off an old pontoon from Webster lake.

**Established in 1991**
